QUESTION NO. 1.

LAW PROPOSED BY INITIATIVE PETITION.

Shall the proposed law which defines and legalizes the practice of chiropractics; establishes a board of registration of chiropractors and defines the number, mode of appointment, tenure, qualification and compensation of its members, and its powers and duties; provides for the preliminary qualifications, examination, certification, original registration and annual license of chiropractors and regulation of their practice, and defines the mode, subjects of and fees for examination, the mode of practice and penalties; and other matters related thereto, which are chiefly as follows:

That chiropractic be "the science or practice of locating and adjusting by hand the malpositions of the articulations of the human spine."

That any person, with one preceding year's residence in this Commonwealth and with degree from a qualified chiropractic school received at least one year prior to the date when this law takes effect, may, within ninety days after such date, be certified by the board at its discretion without examination.

That otherwise no person, except a member of the board of registration, shall practice chiropractic unless, being over twenty-one years of age, of good moral character and graduated from a reputable chiropractic school after personally attending courses of at least twenty-two hundred sixty-minute daylight hours given to persons qualified to graduate from a public high school, he shall qualify by examination, pay a fee of twenty-five dollars and be registered and certified; except that any person licensed in another State maintaining standards equal to those of this Commonwealth may be registered without examination.

That the examination be scientific and practical in character, in subjects including anatomy, physiology, symptomatology, hygiene, sanitation, chemistry, histology, pathology, chiropractic analysis, and the principles and practice of chiropractic.

That the board may, after hearing, revoke a certificate for cause.

That the board shall make an annual report and shall keep public records of its proceedings and of the names of persons examined or registered by it and of the names and addresses of all registered chiropractors, who shall pay an annual license fee, promptly notify the board of any change in address and furnish such other information as the board may require.

That the board consist of three members, residents of the Commonwealth for three years, graduates of a chartered chiropractic school having power to confer degrees in chiropractic, to be appointed by the governor, with the advice and consent of the council, for a term of three years.

That the board have authority to administer oaths, summon witnesses and take testimony and adopt reasonable rules and regulations pertaining to their duties, and that they pay into the state treasury fees received by them, and that they receive compensation and reimbursement for expenses in such amounts as may be annually appropriated therefor not exceeding the amount of such fees.

Penalties are provided for practicing chiropractic without holding a certificate or for using the words "Chiropractic Practitioner", the letters "D.C.", or any title or letters indicating engagement in such practice, or for buying, selling or fraudulently obtaining any diploma or record of registration.

It is further provided that the present law relating to the registration of physicians and surgeons and providing penalties for the unauthorized practice of medicine shall not be held to discriminate against registered chiropractors; but no chiropractor, unless registered as a physician or surgeon, may practice obstetrics, or administer drugs, or perform surgical operations by the use of instruments, or hold himself out as and for other than a chiropractor, which was disapproved in the House of Representatives by a vote of 50 in the affirmative and 151 in the negative and in the Senate by a vote of 13 in the affirmative and 21 in the negative, be approved?

QUESTION NO. 2.

LAW PROPOSED BY INITIATIVE PETITION.

Shall the proposed law which provides for an additional method of nominating candidates for nomination, at the state primaries in September, by members of political parties, for those offices to be filled by all the voters of the Commonwealth at a state election.

It provides that the state conventions of the political parties, in each state election year, shall be held before and not after the state primaries, as now, namely, not later than June 15. In order to elect delegates to such party conventions, party primaries are established to be held on the last Tuesday in April. Among other things, these state conventions may endorse candidates for offices to be filled by all the voters and to be voted upon at the state primaries. Such endorsement places a candidate in nomination, at such state primaries, without the necessity of filing nomination papers. The name of the endorsed candidate is to be placed first on the ballot and against his name is to be placed the words "Endorsed by (the name of political party) convention" in addition to the eight-word statement now authorized by law. Candidates endorsed by a party convention may accept said endorsement within ten days, and having so accepted may not withdraw.

It also provides for the election of district members of state committees and members of ward and town committees at the proposed party primaries in April, as well as delegates to the state party conventions, instead of at the state primaries in September, as now.

It also provides for the election of delegates to national conventions (to nominate candidates for President) at the proposed party primaries instead of at the primaries, now specially held for that purpose, and which existing law requires to be held on the last Tuesday in April (the same day proposed for the proposed party primaries).

It also provides for certain other new provisions of law and certain changes in existing laws, relating to holding state conventions and party primaries, the number and election of delegates to state conventions, the number of members at large of a state committee, and other matters, which in more detail chiefly are as follows:

State conventions are to be composed solely of delegates elected at the party primaries, and the number is to be one from each ward and town and one additional for every fifteen hundred votes or major fraction thereof above the first fifteen hundred votes cast at the preceding state election in such ward or town for the political party candidate for Governor, instead of a number now fixed by the state committee of each party (not less than one from each ward or town) and certain members designated by existing law.

The time, for notice to the State Secretary by aldermen or selectmen of their determination to hold primaries by wards, precincts or groups of precincts, to be March 1, instead of August 1, as now.

The names of candidates for election for delegates to a state convention and for district members of a state committee to be arranged individually by alphabet instead of in groups arranged by lot, as now.

Vacancies in the office of delegate to a state or national convention not to be filled except in case of a tie vote, and then by delegates from the same district, within ten days, and if no other delegate or if not so filled, then by a state committee, rather than solely by the remaining members of the delegation; and statement of filling of such vacancy to be filed with the State Secretary.

Seating of delegates at state conventions to be in groups by senatorial districts, and order of business at said conventions defined.

Voting on candidates, by a convention, to be by roll call, if more than one candidate for the office, or by groups of delegates unless any member of such group objects.

The number of members at large of a state committee of a political party to be fixed by the state convention of a party instead of by the state committee, as now.

The existing provisions as to preparation and filing of nomination papers, objections to nominations, preparation, number, substance, arrangement and form of ballots, hours during which polls shall be open, opening of ballot boxes, canvass and return of votes, return and certification of votes, now applicable to state primaries to be applicable to the proposed party primaries.

The power of a state committee to fix the number of district delegates to a national convention to be continued, but the date, of giving notice to the State Secretary, of such fixation to be March 1 instead of on or before the third Wednesday in March, as now.

The power of city and town committees to fix the number of members of ward and town committees to be continued, but the date, of giving notice to the State Secretary, of such fixation to be March 1 instead of August 1, as now, which was approved in the Senate by a vote of 21 in the affirmative and 17 in the negative and was disapproved in the House of Representatives by a vote of 62 in the affirmative and 133 in the negative, be approved?

QUESTION NO. 2
PROPOSED AMENDMENT TO THE CONSTITUTION
OF THE UNITED STATES.

Is it desirable that the proposed amendment to the Constitution of the United States, —

"ARTICLE —

"SECTION 1. The terms of the President and Vice President shall end at noon on the 20th day of January, and the terms of Senators and Representatives at noon on the 3d day of January, of the years in which such terms would have ended if this article had not been ratified; and the terms of their successors shall then begin.

"SEC. 2. The Congress shall assemble at least once in every year, and such meeting shall begin at noon on the 3d day of January, unless they shall by law appoint a different day.

"SEC. 3. If, at the time fixed for the beginning of the term of the President, the President elect shall have died, the Vice President elect shall become President. If a President shall not have been chosen before the time fixed for the beginning of his term, or if the President elect shall have failed to qualify, then the Vice President elect shall act as President until a President shall have qualified; and the Congress may by law provide for the case wherein neither a President elect nor a Vice President elect shall have qualified, declaring who shall then act as President, or the manner in which one who is to act shall be selected, and such person shall act accordingly until a President or Vice President shall have qualified.

"SEC. 4. The Congress may by law provide for the case of the death of any of the persons from whom the House of Representatives may choose a President whenever the right of choice shall have devolved upon them, and for the case of the death of any of the persons from whom the Senate may choose a Vice President whenever the right of choice shall have devolved upon them.

"SEC. 5. Sections 1 and 2 shall take effect on the 15th day of October following the ratification of this article.

"SEC. 6. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several States within seven years from the date of its submission," — be ratified by the General Court?

Art. 1

Moved and seconded that the report of the Town Officers and Committee be accepted. This article was discussed thoroughly, the assembly generally taking part in the debate. Committee reports on naming unnamed roads.

Voted to amend the report of said Committee by naming a road running from Drane Road northwesterly to Hamet Road by including the road running the road running southerly to Hamet Bay, all to be known as Little Creek Road. Committee's report.

The Committee appointed at the last Annual Town Meeting to bring in names for several unnamed roads, suggest the following:

From Herring Brook Road, nearly opposite McKay Road, southerly to Cape Cod Bay. "Thompson Road"

From Herring Brook Road southerly to Cape Cod Bay, near the property of Francis D. Kiel. "Coke Road"

From State Highway, near the property of Reginald Moulton, northwesterly to Governor Prince Road. "Hay Road"

From Drane Road northwesterly to Hamet Road near the property of B. Loring Young. "Little Creek Road" (amended to include section of road running southerly to Hamet Bay.)

From Kingsbury Branch Road northwesterly to Herring Brook Road, near the property of Philip M. Smith. "Kier Road"

From State Highway, through Ellis property, taken at special Town Meeting in 1938. "Ellis Road"

From Camp Ground northwesterly, intersecting Cook Road, to Higgins Road.

From Hamet Road, near property of Ralph G. Brown, southerly to State Highway, near the property of George P. Brackett. "Brackett Road". From State Highway, southerly to Hamet Road, "Hamet Road". The former McKay Road, named Camp Street, on the Town Map and suggest this be corrected.

The also found the road from the State Highway past property of George F. Smith had previously been named Smith Road, but in deference to the wishes of Mr. Smith we suggest this be named "Smith Lane".

Voted to accept the report of the Town Officers and Committee as printed with amendment to report of Committee appointed to bring in names for unnamed roads.

LAW PROPOSED BY INITIATIVE PETITION

Shall this measure, which by amendment of the General Laws (Ter. Ed.), provides for payment by the Commonwealth of adequate pensions to deserving citizens sixty-five years of age or over in need of relief or support, who shall have resided in the Commonwealth not less than five years immediately preceding the date of application for such pension, and who shall have resided in the Commonwealth continuously for one year immediately preceding said date of application, which is further described as follows:—

The measure, by amendment of General Laws (Ter. Ed.), c. 6, provides for an old age pension commission of three persons, one to be a qualified physician, another to be an attorney at law and a third to be a non-professional person, who are to be appointed and may be removed for cause by the Governor with the advice and consent of the Council, and are to serve under the Governor and Council. Not more than two members of said Commission shall be members of the same political party. Original appointments of members shall be for one, two and three years respectively, and thereafter appointments are to be for three years. Such members are to devote their whole time to the work of the Commission during business hours and be engaged in no other business, occupation or profession. One of their number is to be designated as chairman by the Governor and shall receive a salary of \$6,000, and each other member \$5,000 per year, with their necessary expenses. The commission is empowered to make and enforce rules and regulations as it may deem necessary in the performance of its duties and as may be approved by the Governor and Council. The measure strikes out chapter 118A of the General Laws (Ter. Ed.), and inserts in its place a new chapter entitled "Adequate pensions for certain aged citizens."

It is provided that pensions hereunder shall be paid from the date of application thereof, but in no event before the applicant reaches the age of sixty-five. The Commission shall render a decision in not less than thirty days from the date of application for a pension or a request for an increase of the amount thereof. Such pension shall, wherever practicable, be paid to the aged person in his own home or in lodgings or in a boarding home, which for the purposes thereof shall include any institution providing shelter, care and treatment for aged persons which is not supported in whole or in part by public funds; provided, that no inmate of such a boarding home or institution shall be eligible for a pension under this chapter while being cared for under a contract. Such pension shall be paid by check or in cash which shall be delivered to the pensioner at his residence, if he so requests, and shall be paid semi-monthly unless the pensioner prefers less frequent payments. Such pension shall be on the basis of need and the amount thereof shall be determined in accordance with budgetary standards established by the Commission. Budgetary standards shall be such as to enable an individual pensioner to maintain a standard of living compatible with decency and health. Such pensions, except as herein provided, shall be at the rate of not less than \$48.00 monthly. The pensioner's budget at such times as may be required shall include medical care recommended by a recognized physician, eye-glasses, if recommended by a recognized optician, dental care and false teeth, if recommended by a recognized dentist. In computing the pensioner's payment under this chapter, the Commission shall deduct from the pensioner's budget or the minimum payment, whichever is greater, the amount of income the person paid or to be paid a pension hereunder may be receiving from any source, and may deduct therefrom such reasonable amount as may be deemed to represent the financial value of board, lodging or other assistance which is being furnished to such persons from any source.

Upon the death of a person drawing a pension, whose funeral cost does not exceed the sum of two hundred and fifty dollars and in whose estate there are insufficient assets to cover the full cost of the funeral, the Commission shall pay to the funeral director the difference between the assets and the cost of the funeral, a sum not exceeding one hundred and twenty-five dollars. Expenses for medical, hospital and other services rendered to a pensioner, which remain unpaid at the time of his death or commitment to an institution as an insane person shall be paid directly to the person rendering such services. No pension under this chapter shall be discontinued nor shall the amount thereof be decreased until the expiration of fifteen days after notice has been given by the Commission to the pensioner.

Provision is made by which a person receiving a pension may be absent from the Commonwealth on a visit without having such pension suspended. It is provided that General Laws (Ter. Ed.), c. 273, § 20, which relates to the support of parents by children, shall not apply when parents are eligible to receive a pension.

Provision is made that there shall be set up in the Commission a subdivision of appeals under the jurisdiction of a supervisor of appeals. Any person aggrieved by the failure of the Commission to pay an adequate pension under this chapter, or by the failure of the Commission to approve or reject an application for a pension or a request for an increase in the amount thereof, within thirty days after receiving such application or request, shall have a right to a fair hearing, after due notice, upon appeal to the subdivision of appeals in the form and manner prescribed by the commission; provided that such appeal is received by the subdivision of appeals within sixty days after official notice of the action taken by the Old Age Pension Commission has been received by the applicant or pensioner. The decision of the subdivision of appeals shall be final and binding upon the Commission.

The Commission or any interested person aggrieved by any decision in any proceeding before the subdivision of appeals may obtain judicial review of such decision by filing, within twenty days of the date of mailing of such decision, a petition for review thereof in the district court within the judicial district wherein the pensioner or the applicant for a pension lives.

In any proceeding for review the findings of the subdivision of appeals as to facts shall be conclusive, such proceedings shall be heard in a summary manner and given precedence over all other civil cases. From the decision of a district court upon review an appeal may be taken to the Supreme Judicial Court.

The possession by an applicant for pension under this chapter of assets consisting of cash, active securities or inactive securities, or any combination of such assets, shall not disqualify him from receiving such pension; provided, that the total of such assets, figuring the present cash value of such inactive securities at the sum determined by the Old Age Pension Commission, does not exceed the sum of \$300.

A person is not to be disqualified from receiving a pension because of the ownership of an equity in vacant land from which there is insufficient income to provide for his budgetary needs or minimum payments, or the ownership of an equity in real estate by an applicant who resides thereon or who, in the opinion of the Commission is residing elsewhere because of physical or mental incapacity, provided that if such equity on the basis of assessed valuation exceeds an average of \$3,000 during the five years immediately preceding application for the pension, the applicant shall execute a bond in the penal sum for the amount of the equity in excess of \$3,000 conditioned on repayment to the Commonwealth of all amounts paid as such pension without interest, such bond to be secured by a mortgage on the applicant's real estate. Provision is made for the recording of such bond and mortgage without a fee and the apportionment of the proceeds realized from any of them between the Federal Government and the Commonwealth.

A person is not to be disqualified from receiving a pension by reason of the ownership of a policy of group insurance or of a policy of insurance in an amount not exceeding \$1,000 or of a policy of insurance in an amount not exceeding \$3,000, having a cash surrender value not in excess of \$1,000, if such policy has been in effect not less than three years.

No pension shall be granted to an applicant who at any time within five years immediately prior to the filing of an application for such pension has made an assignment or transfer of property so as to render himself eligible to such pension. No pension shall be subject to trustee process or assignment, and no applicant for a pension, who knowingly makes any false statement or perpetrates any fraud or deception in relation to his application, shall be granted any pension nor be eligible for one during one year thereafter. A person, his executor or administrator shall be liable in contract to the Commonwealth for expenses incurred by it for a pension paid to such person under this chapter if such person or his estate is in possession of funds not otherwise exempted thereunder.

If an application for a pension under this chapter is effected by the eligibility of the applicant to receive aid under General Laws (Ter. Ed.), c. 115, which relates to State and Military Aid and Soldiers' Relief, the applicant shall be entitled to exercise such options and execute such waivers as may be necessary to receive the pension which he seeks.

All cities and towns in the Commonwealth shall furnish suitable headquarters for the carrying out of the duties of the commission in such cities and towns.

The measure further provides that there shall be established and set up on the books of the Commonwealth a separate fund, to be known as the Old Age Pension Fund, consisting of receipts credited to said fund under General Laws (Ter. Ed.) c. 64B, G. L. (Ter. Ed.) c. 128A, § 15, as amended, G. L. (Ter. Ed.) c. 138, § 27, as amended, and all proceeds of taxes assessed under Acts of 1941, c. 729, §§ 9 and 9A.

The Old Age Assistance Fund as in force immediately prior to the effective date of this act is hereby continued in existence, but shall hereafter be entitled "The Old Age Pension Fund."

It is provided that all civil service employees in the Department of Public Welfare of the Commonwealth, including the supervisor, referees and employees of the subdivision of appeals in said department or of any city or town, employed in the administration of the Old Age Assistance Law on the effective date of this proposed measure, shall be transferred to the service of the Old Age Pension Commission, retaining their present civil service seniority, retirement rights and any step increases from the minimum pay of their grade earned during their service with said department or said bureau.

It is provided that all records and property used in the administration of the Old Age Assistance Law and which are the property of the Commonwealth are to be transferred to the Old Age Pension Commission.

This act shall take effect on March first, nineteen hundred and forty-seven.

QUESTION NO. 1.

LAW PROPOSED BY INITIATIVE PETITION.

Shall this measure, which by amendments of the General Laws (Ter. Ed.), provides for payment by the Commonwealth of adequate pensions to deserving citizens sixty-five years of age or over in need of relief or support, who shall have resided in the Commonwealth not less than five years immediately preceding the date of application for such pension, and who shall have resided in the Commonwealth continuously for one year immediately preceding said date of application, which is further described as follows:—

The measure, by amendments of General Laws (Ter. Ed.), c. 6, provides for an old age pension commission of three persons, one to be a qualified physician, another to be an attorney at law and a third to be a non-professional person, who are to be appointed and may be removed for cause by the Governor with the advice and consent of the Council, and are to serve under the Governor and Council. Not more than two members of said Commission shall be members of the same political party. Original appointments of members shall be for one, two and three years respectively, and thereafter appointments are to be for three years. Such members are to devote their whole time to the work of the Commission during business hours and be engaged in no other business, occupation or profession. One of their number is to be designated as chairman by the Governor and shall receive a salary of \$6,000, and each other member \$5,500 per year, with their necessary expenses. The Commission is empowered to make and enforce rules and regulations as it may deem necessary in the performance of its duties and as may be approved by the Governor and Council. The measure strikes out chapter 118A of the General Laws (Ter. Ed.), and inserts in its place a new chapter entitled "Adequate pensions for certain aged citizens."

It is provided that pensions hereunder shall be paid from the date of application thereof, but in no event before the applicant reaches the age of sixty-five. The Commission shall render a decision in not less than thirty days from the date of application for a pension or a request for an increase of the amount thereof. Such pension shall, wherever practicable, be paid to the aged person in his own home or in lodgings or in a boarding home, which for the purposes hereof shall include any institution providing shelter, care and treatment for aged persons which is not supported in whole or in part by public funds; provided, that no inmate of such a boarding home or institution shall be eligible for a pension under this chapter while being cared for under a contract. Such pension shall be paid by check or in cash which shall be delivered to the pensioner at his residence, if he so requests, and shall be paid semi-monthly unless the pensioner prefers less frequent payments. Such pension shall be on the basis of need and the amount thereof shall be determined in accordance with budgetary standards established by the Commission. Budgetary standards shall be such as to enable an individual pensioner to maintain a standard of living compatible with decency and health. Such pensions, except as hereinafter provided, shall be at the rate of not less than \$48.00 monthly. The pensioner's budget at such times as may be required shall include medical care, if recommended by a recognized physician, eye-glasses, if recommended by a recognized optician, dental care and false teeth, if recommended by a recognized dentist.

In computing the pensioner's payment under this chapter, the Commission shall deduct from the pensioner's budget or the minimum payment, which ever is greater, the amount of income the person paid or to be paid a pension hereunder may be receiving from any source, and may deduct therefrom such reasonable amount as may be deemed to represent the financial value of board, lodging or other assistance which is being furnished to such persons from any source.

Upon the death of a person drawing a pension, whose funeral cost does not exceed the sum of two hundred and fifty dollars and in whose estate there are insufficient assets to cover the full cost of the funeral, the Commission shall pay to the funeral director the difference between the assets and the cost of the funeral, a sum not exceeding one hundred and twenty-five dollars.

Expenses for medical, hospital and other services rendered to a pensioner, which remain unpaid at the time of his death or commitment to an institution as an insane person, shall be paid directly to the person rendering such services.

No pension under this chapter shall be discontinued nor shall the amount thereof be decreased until the expiration of fifteen days after notice has been given by the Commission to the pensioner.

Provision is made by which a person receiving a pension may be absent from the Commonwealth on a visit without having such pension suspended.

It is provided that General Laws (Ter. Ed.), c. 273, § 20, which relates to the support of parents by children, shall not apply when parents are eligible to receive a pension.

Provision is made that there shall be set up in the Commission a subdivision of appeals under the jurisdiction of a supervisor of appeals. Any person aggrieved by the failure of the Commission to pay an adequate pension under this chapter, or by the failure of the Commission to approve or reject an application for a pension or a request for an increase in the amount thereof, within thirty days after receiving such application or request, shall have a right to a fair hearing, after due notice, upon appeal to the subdivision of appeals in the form and manner prescribed by the commission; provided that such appeal is received by the subdivision of appeals within sixty days after official notice of the action taken by the Old Age Pension Commission has been received by the applicant or pensioner. The decision of the subdivision of appeals shall be final and binding upon the Commission.

The Commission or any interested person aggrieved by any decision in any proceeding before the subdivision of appeals may obtain judicial review of such decision by filing, within twenty days of the date of mailing of such decision, a petition for review thereof in the district court within the judicial district wherein the pensioner or the applicant for a pension lives.

In any proceeding for review the findings of the subdivision of appeals as to facts shall be conclusive, such proceedings shall be heard in a summary manner and given precedence over all other civil cases. From the decision of a district court upon review an appeal may be taken to the Supreme Judicial Court.

The possession by an applicant for pension under this chapter of assets consisting of cash, active securities or inactive securities, or any combination of such assets, shall not disqualify him from receiving such pension; provided, that the total of such assets, figuring the present cash value of such inactive securities at the sum determined by the Old Age Pension Commission, does not exceed the sum of \$300.

A person is not to be disqualified from receiving a pension because of the ownership of an equity in vacant land from which there is insufficient income to provide for his budgetary needs or minimum payments, or the ownership of an equity in real estate by an applicant who resides thereon or who, in the opinion of the Commission is residing elsewhere because of physical or mental incapacity, provided that if such equity on the basis of assessed valuation exceeds an average of \$3,000 during the five years immediately preceding application for the pension, the applicant shall execute a bond in the penal sum for the amount of the equity in excess of \$3,000 conditioned on repayment to the Commonwealth of all amounts paid as such pension without interest, such bond to be secured by a mortgage on the applicant's real estate. Provision is made for the recording of such bond and mortgage without a fee and the apportionment of the proceeds realized from any of them between the Federal government and the Commonwealth.

A person is not to be disqualified from receiving a pension by reason of the ownership of a policy of group insurance or of a policy of insurance in an amount not exceeding \$1,000 or of a policy of insurance in an amount not exceeding \$3,000, having a cash surrender value not in excess of \$1,000, if such policy has been in effect not less than five years.

No pension shall be granted to an applicant who at any time within five years immediately prior to the filing of an application for such pension has made an assignment or transfer of property so as to render himself eligible to such pension. No pension shall be subject to trustee process or assignment, and no applicant for a pension, who knowingly makes any false statement or perpetrates any fraud or deception in relation to his application, shall be granted any pension nor be eligible for one during one year thereafter. A person, his executor or administrator shall be liable in contract to the Commonwealth for expenses incurred by it for a pension paid to such person under this chapter if such person or his estate is in possession of funds not otherwise exempted thereunder.

If an application for a pension under this chapter is effected by the eligibility of the applicant to receive aid under General Laws (Ter. Ed.), c. 115, which relates to State and Military Aid and Soldiers' Relief, the applicant shall be entitled to exercise such options and execute such waivers as may be necessary to receive the pension which he seeks.

All cities and towns in the Commonwealth shall furnish suitable headquarters for the carrying out of the duties of the commission in such cities and towns.

The measure further provides that there shall be established and set up on the books of the Commonwealth a separate fund, to be known as the Old Age Pension Fund, consisting of receipts credited to said fund under General Laws (Ter. Ed.) c. 64B, G. L. (Ter. Ed.) c. 128A, § 15, as amended, G. L. (Ter. Ed.) c. 138, § 27, as amended, and all proceeds of taxes assessed under Acts of 1941, c. 729, §§ 9 and 9A.

The Old Age Assistance Fund as in force immediately prior to the effective date of this act is hereby continued in existence, but shall hereafter be entitled "The Old Age Pension Fund."

It is provided that all civil service employees in the Department of Public Welfare of the Commonwealth, including the supervisor, referees and employees of the subdivision of appeals in said department or of any city or town, employed in the administration of the Old Age Assistance Law on the effective date of this proposed measure, shall be transferred to the service of the Old Age Pension Commission, retaining their present civil service seniority retirement rights and any step increases from the minimum pay of their grade earned during their service with said department or said bureaus.

It is provided that all records and property used in the administration of the Old Age Assistance Law and which are the property of the Commonwealth are to be transferred to the Old Age Pension Commission.

This act shall take effect on March first, nineteen hundred and forty-seven.

Motion to pay Town Clerk, Treasurer, Collector of Taxes a salary of \$2,000.00 made and recorded. Amendment made to increase the amount to \$2,500.00 (Motion taken on amendment).

Amendment to the amendment made that vote shall be made by paper ballot. The Town Clerk protested use of paper (not printed) as confusing to the voters (simply to mark yes or no). Argument became heated and after much discussion it was voted to rescind all action and call for a new motion. It was then voted that vote to be taken by paper ballot, this vote was by show of hands. Motion then made and recorded that the salary of said officer be \$2,500.00, an amendment was offered

to increase the amount to \$200. This was discouraged by the Mediators owing to the previous parliamentary fangle, with the understanding that this motion could be voted down and a new motion for \$200. to make. The motion for \$200. was put to vote after many had asked for instruction as to whether yes was for or against the motion. Passed 10-43. Voted to adjourn to 1 P.M.

Town Clerk

Dec. 15, 1948

Dear Sirs:

In compliance with your letter of appointment as
Committeeman to investigate the feasibility of a Police Department for
the Town of Eastham, I beg to make the following report:

There Town has Town Police. advised the Police Dept. which
is about the same as small towns on the Cape and
as acting Chief, Towns employ a Patrolman for
about ten weeks principally for the summer travel is duty at
a salary of \$8.00 per day plus transportation on duty.

Thellflut Paul Fleming and one patrolman handle Police affairs.
Mr. Fleming's salary is \$55.00 per week while the
Patrolman's pay is \$1.00 per hour when on duty. whose
Term expires runs from June to September 1st. From
October 1, May 31 there is a systematic inspection of all
un-occupied houses and reports are made to owners
in case of damage or fire.

Orleans Under Chief Higgins and one Patrolman Police work
is about the same as in Thellflut.

Brewster Under Acting Chief Foster, Chairman of Selectmen, special
Patrolman on duty is handled on a family basis
and with a ~~Patrolman~~ Town Constable, Mr. Foster. Mr.
Foster said the Police was satisfactory.

Eastham Policing is handled in about the same manner. But
this duty here in the light of increasing numbers and the
new home building activity may lead us to the necessity
of adequate Police force. That calls for action which
naturally must be held before every townsman interested
in upholding the dignity of this town.

Respectfully yours

Mayor Hurford:

From time immemorial the orderly assembling of free
people in legislative sessions has necessarily been guided
in their most deliberations by persons known variously as
Presidents, Chairmen, Moderators, etc.

This popularly accepted and generally employed working
tool of the authority and control of this great group of headily
Officers is known as the "gavel".

In work having to do with parliamentary rules of order of read
in large convention there is usually much confusion and noise
at the opening and it requires self-control, firmness, and tact on
the part of the presiding officer to prevent proper order
order so that all members may hear and be heard.

While situation of "much confusion" are doubtless and
in the municipal conclaves of East Ham, England as they normally
are in the historic and famous Town Meetings of Eastham.
Cape Cod, nevertheless we folks here desire to furnish you a matter
with which you and the Mayors during the years to come occasionally
may tap gently upon the rostrum of memory, thereby calling to order
recollections of the deep and lasting friendship which you both by
your cordiality and kindness have so firmly established in the hearts
of us all.

This good, hand-fashioned by Harry S. Young, General Chairman of
the Eastham Decentenary Executive Committee, comes from a native
Cape Codder - originally cut for Christmas tree by Mr. Young and
myself - is presented to the Mayor with the best wishes and assurance
of highest esteem by the citizens of Eastham, Cape Cod, Massachusetts, U.S.A.

Mayor Hurford then extended courtesy of closing the meeting
with appropriate remarks of appreciation took over the Moderator's chair.
Mayor Hurford presented to Chairman of the Selectmen and certified
extracts of the minutes his Council, sealed with Town Seal which
voted unanimously to send him as a delegate to our Decentenary
Celebrations.

2. Illuminated extract of his Council's minutes, with official seal of the County Borough.

To the County Borough of East Ham, Essex, England.

To Town of Eastham, Massachusetts, U.S.A., is about to conclude a two week celebration of three hundredth anniversary of its founding in 1651.

It was our desire to have the "Mother Town" send official representation to help us celebrate this significant event. You find us the special honor of making possible as your representatives your Mayor and Mayoress themselves. We want you to know that they have performed their duties with dignity and charm and rare understanding. Truly they have been attending every event scheduled and have won the admiration and respect of all with whom they have come in touch.

In sending you this message of thanks, we are conscious of many ties which bind our two communities together. It is more than a common name, it is a common heritage, a common language, a firm and unshakable belief in the society dignity and worth of the

individuals, a form of government based upon this fundamental principle and a record of common sacrifice, reaching back over two world, fighting to defend these sacred principles.

The two great nations of which our communities are a part carry especially heavy obligations during these days of world tension and misunderstanding. We must continue to stand and work together.

By taking advantage of and even creating opportunities for personal contact and understanding and by other means we may together lend reality to the fact that the world is now a neighborhood. May we, working together, help lay the foundations by which in time it may become a brotherhood.

May our two communities continue their intimate and fruitful fellowship during the years to come.
